Dear Colleagues,

CBIOS Research Group and ULHT have the pleasure to invite scientists, which are interested in nanotechnology and nanoscience fields, from all over the world to participate in the Nano2016.pt which will be held in Lisboa, April 15, 2016.

The general character of the programme provides attendees with a unique chance of an overlook of contemporary sciences, beyond their own field of research. The programme of the Symposium maintains between lectures giving a broad overview of this scientific area and more specialized talks on recent results. During the Symposium, a prize will be awarded. The Symposium will also include poster sessions and social programme. The convenient location of the Symposium venue is the Auditorium Agostinho da Silva of the ULHT. In the First Announcement below more information concerning the Symposium is provided.

We are looking forward to seeing you in Lisboa,

President of the Symposium
Luís Monteiro Rodrigues

First Announcement

Scientific Programme. The core of the scientific programme is decided by the scientific committee. There will be invited lectures as well as contributed poster and oral sessions.

Prizes. At the Nano2016.pt, one prize for the best poster will be awarded. A call for nominations of candidates for prizes is published on the ECTS website and will appear in the next issue of the Biomedical and Biopharmaceutical Research Newsletter.

Proceedings. Proceedings of the Nano2016.pt will be published by the ECTS website. They will be available at a special price for the registered participants.

Registration fees. Regular registration fee until March 15 (2016) will be 40 euros and 20 euros for ULHT students; from March 16 it will raise to 50 and 30 euros, respectively. Details will be posted at the ECTS website. Conference fee includes: attendance of the Nano2016.pt; programme activities; congress materials; beverages and cookies during the breaks; welcome reception and Symposium lunch (except for students).

Social programme. Social programmes and promoting informal contacts between Symposium participants will be important components of the Symposium activities. Welcome reception is planned.

Logistic of the Nano2016.pt. Lisboa is an ideal conference site, meeting a variety of needs and interests. Lisboa is easily accessible by air, by train and car. Numerous low-fare airlines maintain connections to Lisboa from several European cities. The Nano2016.pt will be held in the Auditorium Agostinho da Silva of the Universidade Lusófona de Humanidades e Tecnologias, located close to the attractive, historic old city and the green garden in front of it.

Preregistration. Preregistration at ECTS website will begin on September 2015. Wishes and comments may help the organizers to prepare the Nano2016.pt according to the expectations of its participants.

Important dates and deadlines. Here are the important deadlines. The ECTS website will be systematically updated as soon as any information becomes available.

2015-04-01 Announcement of the scientific programme

2015-09-01 Pre-registration

2016-03-15 Deadline for submission of abstracts

2016-03-29 Notification of acceptance

Until 2016-03-15 Earlier registrations

After 2016-03-16 Late registrations

2016-04-15 Opening of the Nano2016.pt

2016-04-15 End of the scientific programme
