

27<sup>th</sup> of September:

8:00-8:30	<b>Registration of participants / Poster setting</b>
8:30-9:00	<b>Opening</b> Gonçalo Calado (Vice-Rector ULHT); L. M. Rodrigues (CBIOS Director); P. Rijo (CBIOS); Graça Mariano (DGAV)
9:00-9:30	<b>Session 1 Chairman: Graça Mariano (DGAV, Portugal) and Paula Bico (DGAV, Portugal)</b> <b>P1: M. J. Umbelino Ferreira (iMED.Ulisboa, Portugal):</b> "Reversing multidrug resistance in cancer: plant-derived compounds as a promising approach"
9:30-9:45	<b>IL1: Carlos A. M. Afonso (iMED.Ulisboa, Portugal):</b> "From Furan Based Biorenewable Resources to Highly Functionalized Molecules"
9:45-10:00	<b>IL2: Mariana Almeida (Medinfar, Portugal):</b> "New trends in the Pharmaceutical Industry: natural ingredients?"
10:00-10:15	<b>IL3: Tiago Rodrigues (IMM, Portugal):</b> "Machine intelligence to deconvolute the pharmacology of natural Products"
10:15-10:30	<b>IL4: Miguel Gonzalez (CSIC, Spain):</b> "Advances in Natural Products Chemistry performed in Valencia: synthesis and biological activity of abietane diterpenoids"
10:30-11:00	<b>Coffee Break / Posters / Exhibition</b>
11:00-11:15	<b>Session 2 Chairman: Maria M. M. Santos (iMED.Ulisboa, Portugal) and M. Céu Costa (CBIOS, Portugal)</b> <b>IL5: Attila Hunyadi (University of Szeged, Hungary):</b> "ROS scavenging by hydroxycinnamates forms valuable antitumor leads"
11:15-11:30	<b>IL6: Emilia Leitão (HOVIONE, Portugal):</b> "Asthma - Traditional treatment with herbs and drugs"
11:30-11:45	<b>IL7: Mattia Mori (Università di Siena, Italy):</b> "Rational design of isoflavones as multitarget Hedgehog pathway inhibitors with anticancer effects"
11:45-12:00	<b>IL8: Ahmed A. Hussein (CPUT, South Africa):</b> "Chemical diversity of <i>Helichrysum</i> genus"
12:00-12:15	<b>IL9: Ricardo Ferreira (Uppsala University, Sweden):</b> "Computational Approaches in Natural Products: valuable tools in Cancer and Antibacterial Research"
12:15-14:00	<b>Lunch / Posters / Exhibition</b>
14:00-14:30	<b>Session 3 Chairman: L. M. Rodrigues (CBIOS, Portugal) and Marta Borges (DGAV, Portugal)</b> <b>P2: Isabel Ferreira (CIMO, Portugal):</b> "Natural and bioactive? Plants and Mushrooms"
14:30-14:45	<b>IL10: Joana Mota (Lecifarma, Portugal):</b> "Product Development: From concept to market"
14:45-15:00	<b>IL11: Luisa Custódio (CCMAR, UALG, Portugal):</b> "The role of halophytes as sources of natural products in a changing world: current knowledge, challenges and future perspectives"
15:00-15:15	<b>IL12: Mariana Reis (CIIMAR, Portugal):</b> "Strategies to explore the chemical diversity of Cyanobacteria"
15:15-15:30	<b>Flash Oral Communications</b>
15:30-16:00	<b>Coffee Break / Posters / Exhibition</b>
16:00-16:15	<b>Session 4 Chairman: Daniel Santos (iMED.Ulisboa, Portugal) and Bruno Sousa (CBIOS, Portugal)</b> <b>IL13: Jose Prieto (UCL, UK):</b> "Artificial Intelligence and Statistic tools to predict, find and interpret the bioactivities of complex natural products"
16:15-16:30	<b>IL14: Nelson Tavares (Natiris, Portugal):</b> "Food Supplements and Elderly people"
16:30-16:45	<b>IL15: Paula Castilho (UMA, Portugal):</b> "Synthesis versus extraction of bioactive oligosaccharides"
16:45-16:55	<b>Oral Communication: Carmen S.R. Freire (CICECO, Portugal):</b> "Bacterial nanocellulose membranes loaded with bioactive compounds for skin treatment"
16:55-17:05	<b>Oral Communication: Mihayl Varbanov (CNRS, France):</b> "Advances on antimicrobial activity of <i>Morus</i> spp. plant extracts: viruses in the spotlight"
17:05-17:15	<b>Oral Communication: Ana T. Belo (INIAV, Portugal):</b> "Mediterranean Shrubs: Nutraceuticals for sustainable goat production"
17:15-17:45	<b>Awards and Closing session</b>

P: Plenary, IL: Invited Lecture, OC: Oral Communication

28<sup>th</sup> of September:
